BOOK SYNOPSIS

An illuminating history of North America's eleven rival cultural regions that explodes the red state-blue state myth. North America was settled by people with distinct religious, political, and ethnographic characteristics, creating regional cultures that have been at odds with one another ever since. Subsequent immigrants didn't confront or assimilate into an "American" or "Canadian" culture, but rather into one of the eleven distinct regional ones that spread over the continent each staking out mutually exclusive territory. In *American Nations*, Colin Woodard leads us on a journey through the history of our fractured continent, and the rivalries and alliances between its component nations, which conform to neither state nor international boundaries. He illustrates and explains why "American" values vary sharply from one region to another. Woodard (author of *American Character: A History of the Epic Struggle Between Individual Liberty and the Common Good*) reveals how intranational differences have played a pivotal role at every point in the continent's history, from the American Revolution and the Civil War to the tumultuous sixties and the "blue county/red county" maps of recent presidential elections. *American Nations* is a revolutionary and revelatory take on America's myriad identities and how the conflicts between them have shaped our past and are molding our future. From the Hardcover edition.

AMERICAN NATIONS A HISTORY OF THE ELEVEN RIVAL REGIONAL CULTURES OF NORTH AMERICA

- Are you looking for Ebook *American Nations A History Of The Eleven Rival Regional Cultures Of North America*? You will be glad to know that right now *American Nations A History Of The Eleven Rival Regional Cultures Of North America* is available on our online library.
